

Fundraise with our Weatherguide!

Minnesota Weatherguide Environment Calendars are an easy sell and support the work of **Freshwater**, a nonprofit that works to **inspire and empower people to value and protect water**. The calendars make the perfect gift for teachers, family, birders, gardeners, sky watchers, and nature lovers!

The Weatherguide calendar has been published for more than 50 years and is a best seller in Minnesota; each year we sell more than 20,000 calendars through retailers, nature centers, educational institutions, and online. Consider using the 2027 calendars to raise funds for your organization!

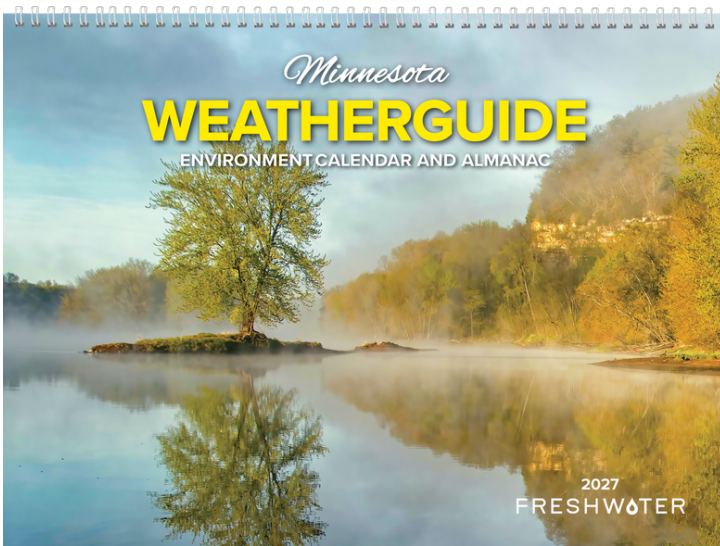

Here are two options:

• Easiest Fundraiser Ever

Simply send an email and we handle the rest. We provide an email template, and handle all ordering and shipping. You do nothing more than send an email and earn \$6 for each calendar sold.

• Sales on consignment

Take calendars to sell in-person and return any unsold inventory. You manage product sales and distribution, and pay for any shipping costs. You earn up to \$12 for each calendar sold.

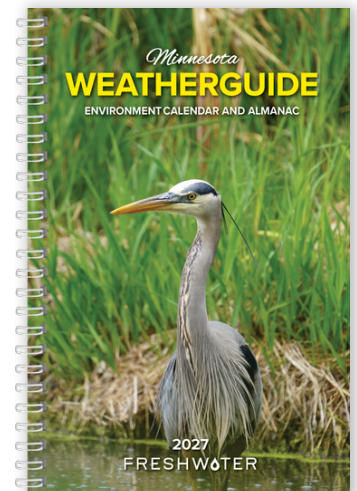

Minnesota Weatherguide Environment Wall Calendar

It's a calendar and almanac in one!

42 spiral-bound pages (9.5"x13") that include daily sunrise/sunset, moonrise/moonset, temperature and precipitation information; monthly phenology, weather and astronomy information; stunning regional photos.

Minnesota Weatherguide Environment Engagement Calendar

128 spiral-bound pages in a weekly planner format (6"x9"). More than 50 beautiful photographs and information about the natural world.

For more information on fundraising opportunities, contact us at freshwater@freshwater.org or 651-313-5800.

Fundraising that makes a difference for your organization *and* the environment

The Minnesota Weatherguide Environment Calendar and Almanac makes the perfect gift under \$30 for everyone on your list. They will appreciate it every day and use it all year long.

The calendar includes daily information on sunrise/sunset times, moonrise/ moonset, normal and record high/low temps, and record precipitation, along with moon phases, significant events and special dates, meteorology, phenology, astronomy, and amazing regional photography.

ENGAGEMENT CALENDAR

NATURE NOTES: JUNE 21-27, 2027

Young deer, raccoons, skunks, gophers, chipmunks and others can be seen out and about, exploring their new world. They're not orphaned, so leave them alone. Mulberry tree fruit is ripening and makes a great snack for robins. Songbirds such as Baltimore Orioles, gray catbirds and American robins, along with squirrels and opossums, like the dark juicy sweet berries. Prickly pear, a native cactus with three-inch yellow flowers blooms nicely at this time in Blue Mounds State Park in far southwestern Minnesota.
